PREFACE

By virtue of the provisions of the Immigration Act 2015 and complemented by the Immigration Regulations 2017 and other legal statutes, the Nigeria Immigration Service has performed its statutory responsibilities with the interest of prompt and timely delivery to our service seekers.

The Service therefore, sees the recent Presidential Executive Orders for the Promotion of Transparency and Ease of Business, Local Content and Budget as a welcome development and additional mechanism for improvements in Immigration service delivery, and creation of a more conducive environment for doing business in Nigeria.

This handbook outlines the various immigration services/facilities, the eligibility, requirements, fees, timelines and how to apply to ensure transparency in the provision of information to the public by which the Service and its personnel could be held accountable.

The document partly satisfies the requirements of the Freedom of Information Act as every member of the public can access information on Immigration services without recourse to a third party. These information have equally been replicated on the NIS website www.immigration.gov.ng

All Immigration Officers and service seekers are enjoined to be guided by the provisions of this handbook as any requirement not contained therein should be discountenanced.

This document is subject to review. Updates to support improvements to immigration service delivery shall be reflected in due course.
